Celanese Presents EVA Polymer Solutions for Drug Delivery Systems at CPhI Worldwide

Innovative pharmaceutical solutions made possible with Celanese EVA polymers

DALLAS and MADRID, Spain (October 6, 2015) – Celanese Corporation (NYSE: CE), a global technology and specialty materials company, will present innovative uses of ethylene vinyl acetate (EVA) at the 2015 CPhI Worldwide conference October 13-15 in Madrid, Spain. Celanese material experts will exhibit the innovative controlled release pharmaceutical copolymer, VitalDose® EVA, at booth number 7A54SSP in Hall 7.

“EVA has been used for years in drug delivery systems,” said Dr. Donald Loveday, Celanese strategic marketing manager. “VitalDose EVA is an inert thermoplastic that is expanding design possibilities with its customizable drug release properties. This controlled release excipient is developed for a wide variety of pharmaceutical products with varying routes of administration, including intraoral, intravaginal, ocular, subcutaneous and transdermal.”

Celanese material experts will discuss these topics and more at a Pharma Insight Briefing & Reception:

- Why use EVA in Drug Development and Controlled Release
- Current Application Areas and Uses of EVA
- Next Generation Innovations for EVA
- Celanese Support of Conventional and Novel Uses of EVA

Celanese Pharma Insight Briefing & Reception

Date/Time: Tuesday, October 13, 2015 at 16:00
Location: Pharma Forum, 2015 CPhI Worldwide
Presenters: Dr. Donald Loveday, Strategic Marketing Manager and Dr. Christian Schneider, Technical Service and Product Developer

Forward-Looking Statements

This release may contain “forward-looking statements,” which include information concerning the company’s plans, objectives, goals, strategies, future revenues or performance, capital expenditures, financing needs and other information that is not historical information. When used in this release, the words “outlook,” “forecast,” “estimates,” “expects,” “anticipates,” “projects,” “plans,” “intends,” “believes,” and variations of such words or similar expressions are intended to identify forward-looking statements. All forward-looking statements are based upon current expectations and beliefs and various assumptions. There can be no assurance that the company or any of its customers will realize these benefits or that these expectations will prove correct. There are a number of risks and uncertainties that could cause actual results to differ materially from the forward-looking statements contained in this release. Numerous factors, many of which are beyond the company’s control, could cause actual results to differ materially from those expressed as forward-looking statements. Other risk factors include those that are discussed in the company’s filings with the Securities and Exchange Commission. Any forward-looking statement speaks only as of the date on which it is made, and the company undertakes no obligation to update any forward-looking statements to reflect events or circumstances after the date on which it is made or to reflect the occurrence of anticipated or unanticipated events or circumstances.
